

RANDY'S RAVING FANS

From Rob and Joanne Sturans who are **repeat clients**...It has always been a pleasure to work with Randy. She always has our best interests at heart when searching for the ideal house for us. She is responsive and patient and maintains a wealth of knowledge in her field. We will recommend her to anyone we know buying or selling a house. A thank you seems like it is not enough for all the work she has done for us.”

Michele Emmert was not happy about her **husband's transfer** here. She said, “Randy was wonderful! She helped us look for a house for 3 days non-stop. I was very upset and she was very understanding and helpful. We have lived in our new home for a month and she is still helping us.

Mike and Miriam Denatale made a **long distance move**. They said, “Randy went way beyond the call of duty. She handled everything in New York while we were in Colorado. She kept us updated at all times and she was always honest. Randy was one of the few pleasant experiences in the relocation process. We hit a lot of bumps and Randy always did her best to smooth them out.

First-time homebuyers Peter and Carolyn Scolaro said that “Randy Rutan made the purchase of our first home a very enjoyable and easy experience. Randy served as an excellent source of knowledge with regards to the process. She provided us with a checklist to guide us and was always easy to reach .

As an IBM **transferee** Karen Patton was thankful for Randy's understanding of the **relocation process**. She also described Randy as “...a no nonsense, realistic, very practical person.
